

PRODUCT SHEET:

RAMPTECH® CONE CADDY AND SAFETY KIT ASSEMBLY

Part Number 257002

Safety first. Accidents last.

The number one priority of every ground support operation is ramp safety. The RAMPTECH® Cone Caddy Safety Kit is a compilation of some of the most innovative GSE safety equipment parts on the market. These parts are specially engineered to act and react to all situations and conditions on the ramp with optimal safety in mind.

Quality and quantity.

The complete RAMPTECH® Cone Caddy Safety Kit is multipurpose and convenient. Store your safety and signal wands in the cone caddy – giving ramp personnel easy and unlimited access to high performance, handheld safety applications while working on the ramp. Two traffic cones paired with the extendable traffic cone bar double as warnings or blockades, eliminating access to potentially hazardous situations.

Safety - an intelligent investment.

Each of these products are optimized to meet the fast-paced, rigorous demands of everyday ramp operations in all conditions. Our RAMPTECH® safety line is more versatile and durable than ever before. See for yourself how a RAMPTECH® LED Safety Wand can illuminate your GSE operation.

All featured safety products and accessories can be ordered individually or as a kit to meet unique operation needs. The RAMPTECH® Cone Caddy Safety Kit is recommended by GSE professionals, ramp, and safety groups, to enhance and optimize your ramp operation to be the safest it can be.

FEATURES

- ✓ Oversized storage pockets for easy accessibility
- ✓ Handheld safety wands and lights are built to last
- ✓ Traffic cone bar with two cone assembly acts as an adjustable barrier
- ✓ Cones and signs are made with highly reflective material for high visibility and night use
- ✓ Durable, heavyweight cones are weather and UV resistant
- ✓ Sign can be customized to meet specific needs

Anticipating needs, meeting demands. Reducing cost.

PRODUCT SHEET:

ADDITIONAL SAFETY ADD-ONS AND ACCESSORIES

An adjustable barrier with added benefits.

Reflective cones and bars extend to create bigger barriers – perfect to designate areas for aircraft maintenance runs and similar ramp operations. Store LED safety wands and signal wands on the ramp. The complete cone caddy assembly and related parts will ensure that ramp and prep crews are safer and better equipped for aircraft departures, arrivals, and related activities.

Complete Cone Caddy Assembly and Compatible Parts

COMPLETE KIT: RS75040SREDKIT

SAGE PART NUMBER	QUANTITY	PART
257002	2	Safety Cone Caddy
RS75040SRED	2	Red Cone with Reflective Strip
256002	2	RAMPTECH® LED Safety Wand
256003	2	Signal Wand
113001	2	Traffic Cone "DO NOT ENTER" Sign
252002	1	Traffic Cone Bar
